

1 **Affidavit of Paternity re:Dannie Lynn Hope Marshall Stern**

2
3 **Declaration:**

4 I, the undersigned do hereby and forthwith solemnly declare that the
5 following is profoundly and distinctly perjurious in nature, and I make these
6 allegations freely of my own will, with no forethought whatsoever to any and
7 all consequences that may befall me. Heretofore, not withstanding, and in as
8 much I do make the following declarations.

9
10 On or about December 7, 2005 I had occasion to have familial relations with
11 Anna Nicole Smith Stern heretofore referred to as AnSS. I remember this day
12 vividly because a) I had sex with AnSS, and b) it was Pearl Harbor day, and
13 to commemorate the event, I gave AnSS a pearl necklace. I lost the receipt
14 though. Nine months later to the day, September 7, 2006, AnSS gave birth to
15 Dannie Lynn Hope Marshall Stern. She was supposed to have one more last name
16 on there. I am not seeking to affirm my parental rights for the express
17 purpose of getting my hands on the \$477, 316, 277.42. As a matter of fact, I
18 am not even sure of the total. I just want my baby to know her daddy and to
19 see him driving a Bentley, with a couple of babes in the back, scantily clad.

20
21 To prove I am the father I have included the medical information as required
22 by the form BS1, The Standard Paternity Allegation Form, usually only used in
23 adversarial proceedings. In Zimbabwe.

24
25 Blood type (please check one)

26
27 A B AB O Whatever the baby is

28
29
30 **Affirmative Denial as to matter of DNA collection.**

31
32 I cannot submit to a DNA test given the danger of someone being able to
33 obtain said sample, stick it in their kid, and then filing an adversarial
34 paternity action against me to get my \$477, 316, 277.42. You will have to
35 take my word that I am this kids father. And I love her. Really. I do man.

36
37 **Request for Ruling**

38
39 I request that judge in this matter either summarily dismiss any and all
40 other paternity claims that may be before the court regarding this particular
41 offspring, or perhaps convert said claims to a class action suit wherein all
42 parties could partake equally. Say we each get her one day a year, and if
43 there are more claimants, then just take the first 365 petitions. Leap Year
44 February 29 can be a designated grandparents day. I am not heartless in this
45 matter. Of course that would reduce the money in question to a paltry
46 \$1,307,715.82 per father, but this is not about the money. I could take her
47 two days a year if it pleases the court.
